SHOW KIT INFORMATION

INFORMATION SHEET

There are three types of promotional items in the GENERAL STORE including basic sales tools, wearables and the higher perceived gifts and premiums. Most of the items in the catalogue are warehoused with the KAYPRO logo imprint only to facilitate quick delivery. Items with customized imprints, (Dealer Name) take a bit longer for delivery. An item in the catalogue described as available with "customized imprints only," indicates that the item is not warehoused. You can still order it "customized" with a KAYPRO logo only subject to custom order minimum quantity requirements.

If there is an item you don't see in the GENERAL STORE call Idea Man at: (619) 299-6833 and ask for the Kaypro representative.

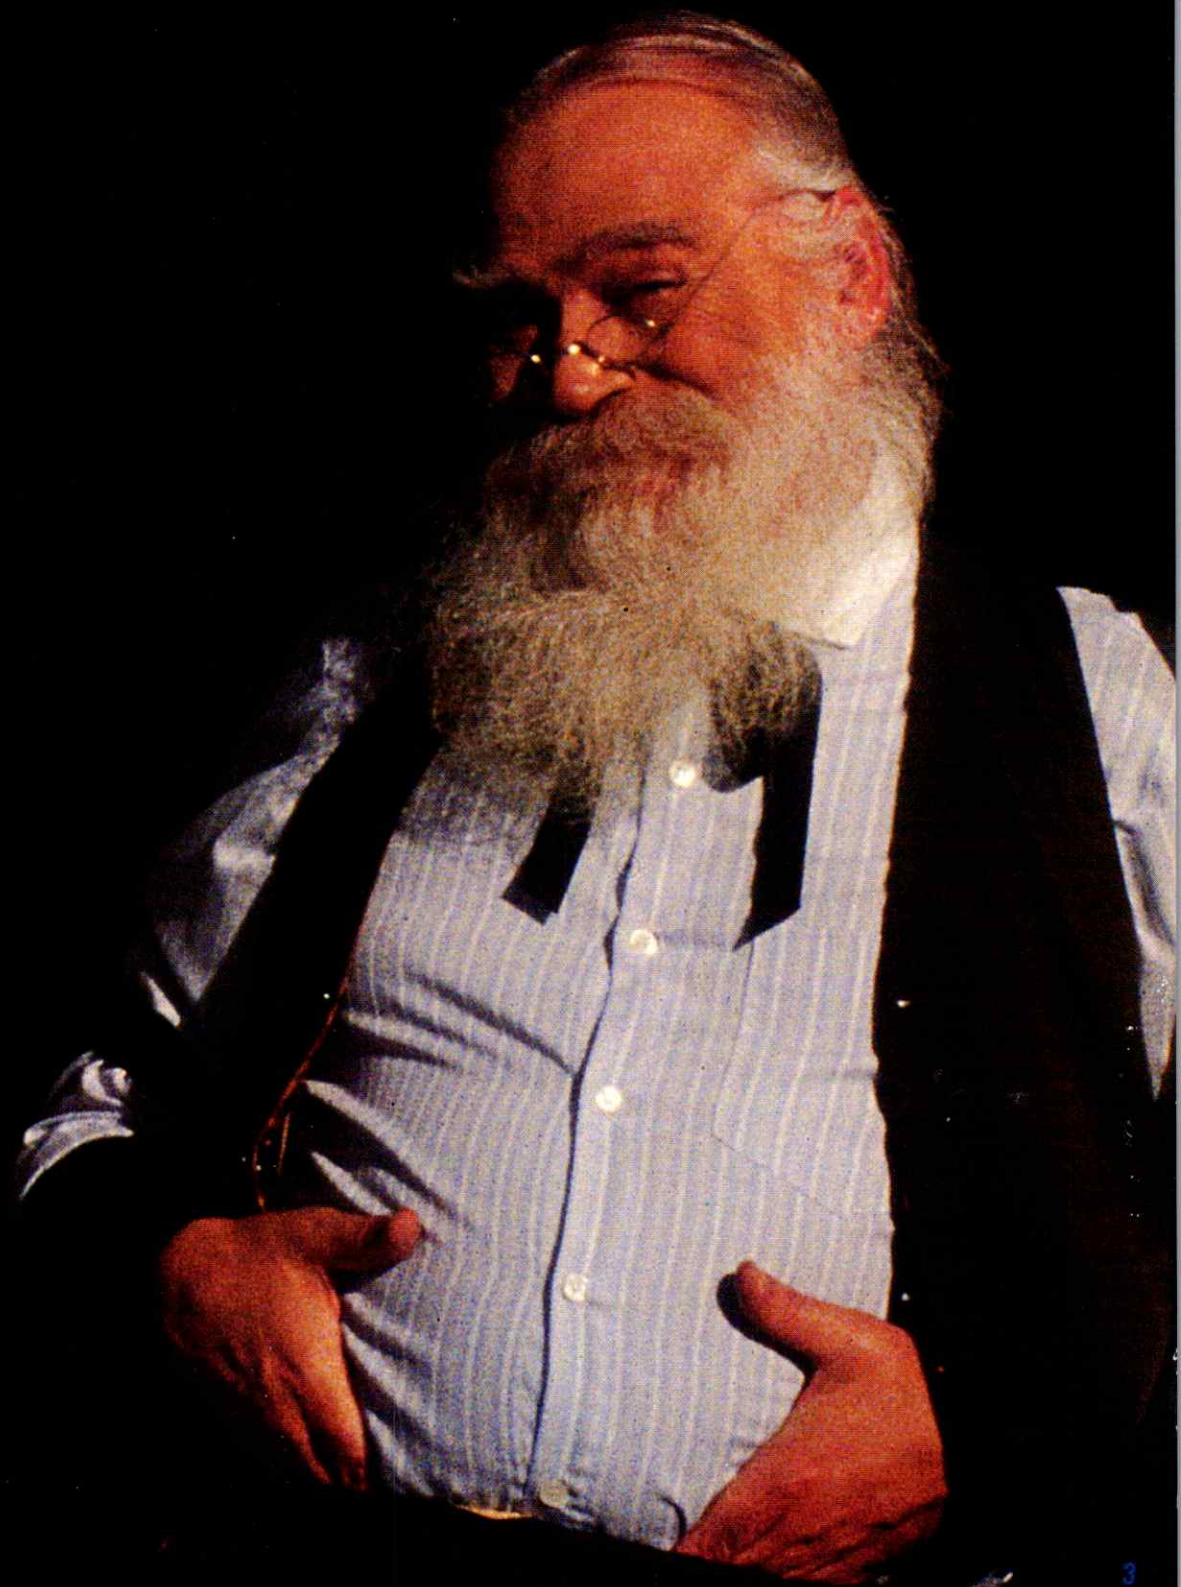

ORDERING

Minimum order requirements: Items imprinted with the KAYPRO logo only are warehoused at Idea Man and have no minimum restrictions. Please note, however, that each order must total a minimum of \$150.00. You may combine different items to make up this dollar amount. Items Personalized with your Dealer name and special artwork do have minimum order requirements. These quantities are listed with the items. The price list and order forms are in the back pocket of this catalogue. The order form is printed in duplicate for your convenience. Please submit a check for payment in full excluding any discounts you may receive from a General Store Wooden Nickel. At the end of the year the dealers that do the most volume with the GENERAL STORE will receive a special gift from KAYPRO. For an estimated cost on the above items please contact IDEA MAN at: (619) 299-6833.

Send the white copy to: Idea Man
2384 San Diego Ave., San Diego,
Ca. 92110
Keep the yellow copy for your files.

RECEIVING:

Once an order is received, be sure to do the following: Compare your order form with the packing slip along with the items, making sure everything is in order. All customized orders are subject to a 10% over run and the dealer will be expected to pay for the total quantity received. Carefully check for flaws as Idea Man fully guarantees their products. If the order is incomplete, or defective, please call Idea Man.

KAYPRO SATURDAYS

One sure fire way to highlight the KAYPRO line is to have a "KAY-PRO SATURDAY." The idea is to attract that too-shy-to-enter-the-store buyer. You simply advertise a free sidewalk training course to anyone.

The Kaypro baseball hats and tee shirts can be given away to any adult who finishes the "starter course" and you may even have a drawing for a Kaypro Satin Jacket. If sold properly the customer leaves with a "sugar coated" advertisement on his back, an hour of valuable computer training and a new friend at your Computer Store. Your district manager would be glad to attend and help sell Kaypros for you.

COUNTER TOP GIVE-AWAYS

Small gifts put a smile on your customers face and go a long way when it comes to good faith appeal if offered properly. KAY-PRO offers a number of goodies to the end-users through you and the GENERAL STORE. Hint: Be sure to make the prospective buyer go through a demo first!

IN HOUSE CONTESTS

There are also some elegant gift ideas available to you and your Kaypro customer through the General Store. The perceived value is very high and they make good prizes for in-house contests. You should stock these items for resale, especially the satin jackets.

KUG GROUP GIVE-AWAYS

The KUG Group in your area may be collectively your best salesman in disguise. There are many things you can offer the local KUG group such as Lapel Pins, Mugs, or even Meeting Folders. They'll remember your store for any future computer sales.

SALES PREMIUMS

Sales Premiums to go along with the units will help sales of Kaypros, especially when you're dealing with the discount hunting shopper. A glass tumbler set or Jacket may sway someone to your store over the one down the street. Remember the perceived value is the key.

THE GENERAL STORE WOODEN NICKELS

During the next year someone from KAYPRO may give you one or more Wooden Nickels good for \$25.00 towards purchase from the GENERAL STORE. Use these nickels as you would cash.

All Dealers, Systems Houses and OEM's may all take advantage of the Wooden Nickels and the GENERAL STORE.

There are many situations in which one or more Wooden Nickels may come your way. Typical examples would be an outstanding display at a large Trade Show or correct attitude during a sales demonstration. A Kaypro district sales representative may find an outstanding advertisement in a local paper and reward the dealership. Signing a large order with our Corporate Account group or the Educational Discount group is very worthy.

The reasons for receiving a wooden nickel are infinite, but the best bet is to keep in touch with your District Representatives either at the plant or in the field.

KAYPRO QUICK CREDIT HINTS

KAYPRO Credit can be your best friend in times of low customer cash flow. There are many ways to "sell" credit and it will soon provide you with a list of proven customers. Here are some suggestions to help turn him around.

Sell the monthly payment. \$84.00 per month sounds much less expensive than \$2000.00 "right now" for a computer.

Most customers spend that much on lunch in one month alone. By using credit the customer "saves" his valued cash for among other things, additional products in your store.

His interest rates are deductible for his income tax purposes.

The monthly statements can be used to provide your customer a reminder of where he purchased his machine. Dealer specials can always be added to these statements.

The customer does not have to expend his credit lines on his Visa or Mastercard. "Major cards are better saved for lunches."

There is no prepayment penalty. An opportunity to payoff after two or three months can lead a customer into buying now, but if he does go the distance, how about a glass tumbler set given the day he makes his last payment.

A Trade Show Kit is available free to all dealers participating in CSE Shows, major Regional Shows, or any show with over 7,500 attendees. This kit includes a number of Brochures, Bags, Buttons, Banners, and a Demo Disk for the three models. We will try to gauge

the quantity of these items on your show size. You must prove your participation by sending a copy of your show contract to the KAYPRO Promotion Department. Be sure to leave enough time to process your order. A four foot lighted sign has been

developed with either interior or exterior applications in mind. A smaller sign (about 22") is also available. Your District Coordinator has pricing and information. These are available directly from Kaypro Corp. Retailing of these KAYPRO prod-

KAYPRO THE COMPLETE BUSINESS COMPUTER.

What do you get complete?

A fully integrated system with 64K RAM, Z-80 microprocessor. A 9" easy-to-read green monitor. Dual disk drives (400K capacity). A detachable keyboard with numeric keypad. Built-in interfaces for both a printer and communications. CP/M. And the complete software you need for Word Processing/

Spelling, Data Base Management and Financial Spreadsheets. But we don't stop there. At an authorized dealer, give us all the information.

KAYPRO™

KAYPRO™

ucts will make the GENERAL STORE self-liquidating for you, and more effective in your sales promotions.

Establishing a retail price for these gift/premiums increases the perceived value and provides you with the option of giving away

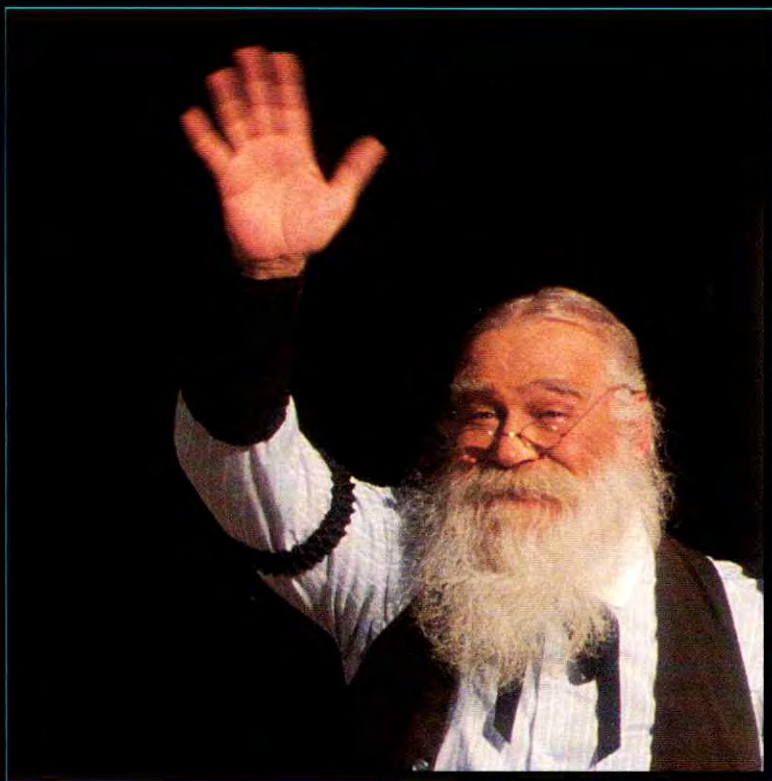

something of "real value" for free.
